

# *Hendon New School Values And Vision Statement*

Dear Hendon Families,

We hope the start to the new school year has been as positive for you at home as it has for us here at school.

Last year, we began the process of revisiting our school values and vision statement, with a mind to having them authentically reflect who we are as a school community, and be true to our guiding ethos. This was a lengthy process encompassing consultation with students, parents and staff to gain a deep understanding of what we as a school value and our vision for our students.

We are very pleased, this year, to share with you our new school values and vision statement. We are sure you'll agree these truly represent what we as a community seek to foster in our students each and every day.

Our values:

*~ Kindness, Respect, Trust ~*

Our vision:

*'The Hendon School Community empowers all students to embrace learning, achieve their personal best and build their emotional, social and physical well-being. We are all life-long learners who contribute to the global world while practising kindness, respect and trust.'*

Our staff will be promoting these values and beliefs daily within our school, and we look forward to you supporting us in doing so as valued members of our school community.

Warm Regards,

The Hendon Leadership Team
