

Hendon Pre-school's Quality Improvement Plan 2021 Summary

Our Preschool Quality Improvement Plan for 2021 focuses on how to achieve our site goals aligned with the Western Adelaide Shores Partnership and the Department for Education.

Hendon Preschool was last rated in 2016 as "Exceeding". The 2021 plan focuses on building on current good practice and identifying areas for future improvement.

Goal 1

To increase children's ability to measure and compare in authentic experiences through play.

Challenge of practice:

If we deepen educator's knowledge and understanding on designing play experiences that intentionally develop measurement skills then we will improve children's ability to measure and compare in authentic experiences through play.

Success criteria:

Through our pedagogical documentation we will see:

- Children increasingly using the mathematical language of measurement
- Children using measurement in their play
- Children being confident in measuring and comparing

Goal 2

To increase children's ability to engage with texts and make meaning.

Challenge of practice:

If we develop a consistent and systematic approach to support children's emergent literacy, particularly phonological awareness, then children's ability to make meaning when engaging with texts will increase

Success criteria

Through our pedagogical documentation we will see:

- Children noticing and identifying rhythm and rhyme in stories and songs
- Children able to break words into syllables
- Children actively participating in Nursery Rhymes and songs, during group times and spontaneously.
